Perspective Planning
(2013-14 to 2018-19)

Internal Quality Assurance Cell

Perspective Planning of the IQAC (2013-14 to 2018-19)

Prime objectives behind Planning:

- To evaluate the earlier perspective plan.
- To analyze the outcomes of the earlier perspective plan.
- To design and formulate perspective plan taking into consideration the empirical data.
- To consider short term and long term perspectives.
- To disseminate information about various policies for proper implementation of the planning.
- To communicate the planning and its analyses to the management.
- To seek coordination among various stakeholders of the institution regarding the planning.

Key Areas for Perspective Planning

- ✓ **Curriculum Planning & Implementation**
- ✓ **Teaching – Learning & Evaluation.**
- ✓ **Research.**
- ✓ **Social and Community Services**
- ✓ **Infrastructure.**
- ✓ **Student Welfare Initiatives.**
- ✓ **Staff Training & Welfare Schemes**
- ✓ **Sports & Games Activities**
- ✓ **Cultural Activities**
- ✓ **Environmental Consciousness**

Curriculum Planning & Implementation

- To introduce Value Added Courses and Soft Skill Development Programmes.
- To orient teachers for better participation in activities of curriculum planning and implementation.
- To encourage the faculties to be members of B. O. S.
- To strengthen the system of feedback on curriculum from different stakeholders.

Teaching – Learning & Evaluation

- To encourage teachers for participation in the Faculty Development Programmes, workshops, conferences, seminars and training programmes.
- To introduce Bridge Courses and remedial measures.
- To encourage the faculties to use dynamic and innovative benchmarks to make the teaching and learning process learner centric.
- To encourage the faculties to use ICT tools in teaching process.
- To develop LMS.
- To initiate student centric events towards experiential learning, participative learning and research.
- To strengthen the process of internal continuous evaluation process.
- Implementation of Quality Audits like Internal Academic Audit, ISO, Energy Audit, etc.

Research

- To encourage the faculties to pursue research leading to Ph.D.
- To encourage the Ph. D. holders to get recognized Research Guides.
- To encourage faculties for undertaking Major and Minor Research Projects.

- To motivate the faculties to seek research grants from different funding agencies.
- To take efforts for getting research labs recognized.
- To promote research culture among the students.
- To organize research events at different levels.
- To organize events on research methodologies and IPR.
- To encourage the students to undertake project works at college level.
- To encourage faculties for publication.
- To encourage teachers and students for participations in research event and competitions.
- To promote collaborative research in various departments.
- To assist teachers to establish MoUs with nationally acclaimed Govt. and private institutes for research and academic purposes.

Consultancy

- To promote faculties for formal consultancy.
- To strengthen laboratories with professional and sophisticated equipment in order to provide consultancy on professional level.

Social and Community Services:

- To carry out different social activities and community services through NSS Unit and Cells.
- To establish linkages and MoUs with GOs and NGOs for social oriented activities.
- To establish MoUs with GOs, NGOs and other institutions for implementation of different community services.
- Organization of community services in an outside the campus.

Infrastructure

- To enhance all the laboratories.
- To erect few class rooms.
- To erect more research labs.
- To make all the classrooms and labs. ICT enabled.
- To provide separate reading room facilities for boys and girls.
- To provide e-resources in the library.
- To increase the number of computers.
- To establish common computer lab.
- To establish well equipped Career Education Centre.
- To install Solar Power Generation Unit.

Student Welfare Initiatives

- To organize different programmes on Gender Sensitization.
- To introduce short term courses for girls and boys towards their capability enhancement and employability.
- To enhance the process of PSF towards offering financial assistance for poor students.

Staff Training & Welfare Schemes

- To orient teaching staff for professional skills for teaching, behavior, planning, management, negotiations, etc.
- To organise programmes for Career Advancement.
- To encourage and motivate the faculties for maximum participation in Faculty Development Programmes on Teaching Methodologies, Research Methodologies and Skill Development.
- To orient non-teaching staff in advanced software.

Sports & Games Activities

- To enhance existing sports facilities of sports and games.
- To motivate girl students for participating in sport events.
- To organize/host the sport events at inter-collegiate levels.
- To make provision to felicitate the outstanding student sportspersons.
- To outsource experts, trainers and coaches.
- To sign formal MoUs with other associations, institutes and organizations in order to provide college students with facilities that may not be available with the college.
- To promote participation of maximum students in the sport events.

Cultural Activities

- To make sure talented students get opportunities to participate in cultural activities.

Environmental Consciousness

- ✓ Organization of different activities for promotion of the awareness about environment: protection, conservation and sustenance.
- ✓ Student centric activities towards Wild Life Protection and Conservation.
- ✓ Tree plantation within and outside the campus.
- ✓ Implementation of Green Audit of the college.
- ✓ Installation of Solar Power Generation Unit.
- ✓ Promotion of use of alternate power saving initiatives.
- ✓ Promotion of eco-friendly activities in the campus.
- ✓ Management of E-waste, solid and liquid waste.
- ✓ Development of Vermin composting
- ✓ Rain water harvesting.
