MEMORANDUM OF UNDERSTANDING

(MoU)

For Academic Exchange and Co-operation

Between

New Arts, Commerce & Science College, Ahmednagar

And

Milliya Arts, Science & Management Science College, Beed

New Arts, Commerce & Science College, Ahmednagar and Milliya Arts, Science & Management Science College, Beed, desire to develop academic exchange and cooperation in education and research between the institutes and have agreed to sign and enter into MoU as follows:-

1. Objectives:-

a. To provide a common forum for exchange of ideas and views regarding designing and/or execution of curriculum / programmes and research activities in the following broad areas.

- i. Chemical Science
- ii. Physical Science
- iii. Life Science
- iv. Geography
- v. Computer Science
- vi. Mathematical Sciences
- vii. Management Science
- viii. Sports
- ix. Language and Literature

b. To use and share Libraries, database, documentation and instrumental and related-infrastructure facilities of each other.

c. To exchange information and arrange joint seminars/workshops of students and teachers.

2. Activities and programmes:-

The institutions based upon the principle of respect for each other's independence and of mutual benefit, will carry out the following activities

- i. Exchange of publications and information.
- ii. Joint Research Activities.
- iii. Exchange of faculty as visiting lectures.
- iv. Exchange of Botanical/ Zoological Specimens/Class Work Materials/Permanent slides etc.
- v. Joint Excursion Tours.
- vi. Exchange of students.

3. Formulation of Plan:-

In order to carry out the about activities, detailed plans shall be formulated after consultation between the two colleges from time to time depending on the nature and need of specific activity, availability of funds and convenience of both the colleges. However, the basic principle shall be mutual cooperation and academic benefit of students and faculty of both the college.

4. Financial terms and mode of payment, if any

The requirement of funds of these activities/Programmes shall be worked and through mutual consent between the New Arts, Commerce & Science College, Ahmednagar and Milliya Arts, Science & Management Science College, Beed

The New Arts, Commerce & Science College, Ahmednagar and Milliya Arts, Science & Management Science College, Beed shall not demand any monetary charges from each other for the use of technology and know-how development for their own internal use for the purpose of teaching training, research and development.

—3—

5. Dissemination of data and information:-

The New Arts, Commerce & Science College, Ahmednagar and Milliyya Arts, Science & Management Science College, Beed shall work out the modalities for dissemination of research data of Joint Research Project to any third party keeping in mind the mutual academic interest. However, both parties shall fulfill their obligation of disseminating the data to national databanks, as required by the concerned funding agencies.

6. Co-ordination Committee:-

A Joint Co-ordination Committee for smooth and effective execution of activities and programmes under this MoU may be formed by mutual consent.

7. Period and Revision of MoU:-

This Memorandum of understanding comes in to effect from the date of its signing and will remain in force initially for three years. Its validity may be extended by mutual agreement between the two institutes.

8. Non-exclusive Nature of this MoU:-

The MoU between the New Arts, Commerce & Science College, Ahmednagar and Milliyya Arts, Science & Management Science College, Beed shall not come in the way of either partner from collaboration with the third party.

In witness thereof, both the institution their authorized representatives i.e. Principals of this date.

**Memorandum of Understanding (MoU)
OF
Scientific and Educational Cooperation
Between
AISSMS's, College of Engineering, PUNE (MS) INDIA**

AND

Milliya Arts, Science and Management Science College, Beed (MS) INDIA

All India Shri Shivaji Memorial Society's, College of Engineering (**AISSMS COE**), Pune (MS) and Milliya Arts Science and Management Science College(MASMSC), Beed (MS) are linked by **Materials Science and crystal growth** related research interests and seek to develop collaborations and exchanges in fields of shared interest and expertise. The activities undertaken pursuant to this Memorandum of Understanding (MOU) are based on a spirit of cooperation and reciprocity that is intended to be of mutual benefit to both parties.

1. Purpose

This Memorandum of Understanding (MOU) serves as a written understanding of agreed upon principles between AISSMSCOE, Pune and MASMSC, Beed **concerning** a set of general research objectives.

This is a non-binding agreement and is intended to clarify the nature and extent of the complementary activities that might be undertaken for the mutual benefit of the two parties. Each institution will be responsible for managing its own costs.

Commitments of specific institutional resources, personnel, space, facilities, or any other academic or intellectual activities may be contemplated hereunder but are beyond the scope of this MOU.

To the extent that the implementation of any agreed upon activity requires a commitment of resources, personnel, credit-bearing coursework, or intellectual property, a supplementary agreement must be negotiated and approved by the two parties before work on any of the projects can commence.

2. Objectives, Scope, and Major Activities

Both institutions agree to encourage the development of the following types of activities:

- Visits and informal exchanges of faculty, researchers and administrators in specific areas of research.
- Explore the possibilities for developing joint research programs and collaborations.
- Explore ways to cooperate in researcher education and training.
- Organize joint conferences, symposia, or other scientific meetings on subjects of mutual interest.
- Pursue avenues for graduate and professional student exchange during the academic year or summer terms.
- Pursue avenues for undergraduate student exchange during the academic year or summer terms.
- Other exchange and cooperation programs to which both parties agree.

3. Responsibilities of the Parties

The two parties recognize that the implementation of any agreed upon activity will depend upon the interests and expertise of the individuals involved and the availability of financial resources, space and other resources. Accordingly, the implementation of any exchange and cooperative program based on this MOU shall be separately negotiated and determined between the two institutions. It is further expected that both parties will be compliant with all applicable State and federal laws and regulations and University policies.

4. Duration and Option to Amend, Extend or Terminate

This MOU will become effective when signed by both parties. The agreement will remain in effect for **five years** from the signature date, below, and may be renewed or amended by mutual agreement of the parties. The parties agree to periodically review the activities undertaken and the progress made and to consult concerning amendments, renewal or termination of this MOU. Either party may terminate this MOU at any time by providing written notice of such termination to the other party.

5. General Terms

This MOU is not intended to, and does not create any right, benefit, or trust responsibility, substantive or procedural, enforceable at law or equity, by either party, its officers, employees, or agents against the other party, its officers, employees, or agents.

Nothing in this MOU obligates either party to commit or transfer any funds, assets, or other resources in support of projects or activities between the two parties.

Neither party will use the name of the other, either expressly or by implication, in any publicity, solicitation or advertisement without the express written approval of the other party to this MOU.

6. Signatures

This MOU shall enter into force on the date of the signing by qualified representatives of both institutions.

Report of visit to Government Milk Scheme

Date 2/02 /2018

Time -10.00 am

Attended by B.Sc Microbiology Students

Objective – To Study Dairy Microbiology

A visit of B.Sc Microbiology students was arranged on date 2/2/2018

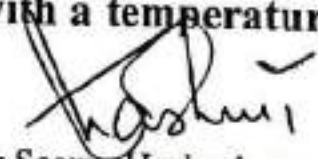

The following points were studied by the students

- **Sample collection – the raw milk sample is collected from villagers , every milk sample received is allotted a number**
- **Physicochemical analysis of the milk sample – All the milk sample received were analysed for different physicochemical factors the following physico chemical analysis of the sample is done**
- **Fat analysis & water content**
- **Adulteration with maida, urea, or carbohydrates**
- **Specific gravity**

Milk samples which do not meet the standards are segregated & only quality milk is selected

Milk is then subjected to

- **Filtration – visible dust , sedimented solids ,hairs of animals are removed here**
- **Pasteurization – milk is pasteurized by two methods 1) low temperature high time (63.⁰c for 30 minutes & 2) high temperature short time (72.5⁰C FOR 10 Seconds)**
- **The pasteurized milk is kept in cool tankers with a temperature of 4⁰ C And sent to other citeis**

Date: 10-02-2018

Report:

The department of Geography, History and Chemistry jointly arranged the Excursion Tour on 10-02-2018.

It was a One Day Tour.

The destination of the tour was Samarth Sugar Factory, Distillery plant at Ankush Nagar Taluka Ambad, Dist. Jalna and Lonar Sarowar (Lonar Lake), located at Lonar Taluqa of Buldana Dist of Maharashtra.

Students were given the full details about the manufacturing of Sugar and ethyl alcohol.

The Lonar Lake has a long History. It has been internationally acclaimed phenomenon.

Miraculously the water of the lake is salty.

Students were given the full details about the Lake and the Meteorological process behind its becoming into existence.

During the visit Ancient Temple and Shraien places were seen and Students Collected Important Information.

22 students, 04 teachers and 01 poon participated in the tour.

LETTER OF COLLABORATION

Between
Department of Chemistry,
Swa.Sawarkar Mahavidyalaya, Beed.
AND
Department of Chemistry,
Milliya Arts, Science and Management Science College, Beed

This Letter of Collaboration is designed to foster a friendly relationship through mutual cooperation between Department of Chemistry, Swa.Sawarkar Mahavidyalaya, Beed and Department of Chemistry, Milliya Arts, Science and Management Science College, Beed . No financial obligations are assumed under this agreement.

Swa.Sawarkar Mahavidyalaya, Beed and Department of Chemistry,
Milliya Arts, Science and Management Science College, Beed
have reached agreement on the following areas of cooperation, subject to mutual consent and the availability of sufficient funding:

- Academic Activities
- Research Activities
- Training Programmes
- Exchange of Faculties
- Sharing of knowledge
- Sharing of Resources

This Letter of Collaboration shall commence on the date of latest signature and be in effect for five years, at which time it shall be reviewed for possible extension. Either party may terminate this Letter by written notification signed by the appropriate official of the institution initiating the notice. However, such notification must be received by the other party at least one month prior to the effective date of termination.

Letter of Intent

To,

Principal

Milliya Arts, Science and Management Science College,
Beed

With this letter the Department of Chemistry of our institute would like to express the intent of collaboration with Heramb Laboratories, Aurangabad.

Shri. H. U. Joshi , Head Department of Chemistry

&

Shri. V. N. Naiknaware and Shri. R. L. Jadhav , Faculty, Department of Chemistry

on behalf of the institute intend to establish a formal link with **Milliya Arts, Science and Management Science College, Beed** with the aim of /for

- Academic Activities
- Research Activities
- Training Programmes
- Exchange of Faculties
- Sharing of Knowledge
- Sharing of Resources

Hope for the future obligations between, which will lead to formal agreement.

SCIENTIFIC AND EDUCATIONAL COOPERATION
BETWEEN
CRYSTAL GROWTH LABORATORY,
DEPARTMENT OF PHYSICS, MILLIYA ARTS, SCIENCE AND
MANAGEMENT SCIENCE COLLEGE BEED
AND
SWA. SAWARKAR MAHAVIDYALAYA, BEED

With the view of STRONGER TOGETHER and a desire to promote and develop the activities between the Crystal Growth Laboratory, Department of Physics, Milliyya Arts, Science and management Science College Beed and Department of Physics, Swa. Sawarkar Mahavidyalaya, Beed. Both agreed to the following statement of intent on educational and research co-operation. The co-operation in specific areas may be designed by mutual consent and incorporated in to specific additional agreements upon signature by the appropriate authorities of the institutions.

Two laboratories (mentioned above) agree to the following general areas of interest and co-operation:

- exchange of research ideas to conduct research of mutual interest;
- joint research projects in the field of crystal growth and characterization;
- joint promotion of each other's capabilities;
- joint use of research facilities;
- Joint publications.

OF
SCIENTIFIC AND EDUCATIONAL CO-OPERATION
BETWEEN
MILLIYA ARTS, SCIENCE AND MANAGEMENT SCIENCE COLLEGE BEED
AND
RUSA CENTRE OF ADVANCED SENSOR TECHNOLOGY
DR BABASAHEB AMBEDKAR MARATHWADA UNIVERSITY,
AURANGABAD (MS) INDIA**

In accordance with a mutual desire to promote and develop activities between our two Institutions, Milliyya Arts, Science and management Science College Beed and Rusa centre of Advanced Sensor Technology, Dr Babasaheb Ambedkar Marathwada University, we agree to the following statement of intent on educational and research co-operation. The co-operation in specific areas may be designed by mutual consent and incorporated in to specific additional agreements upon signature by the appropriate authorities of the institutions.

1. Two institutions (mentioned above) agree to the following general areas of interest and co-operation;

- a. exchange of research ideas to conduct research of mutual interest;
- b. joint research projects in the field of Science and Technology and characterization;
- c. joint promotion of each other's capabilities;
- d. joint use of research facilities;
- e. Joint publications.

2. If any collaborative projects and/or funding proposals are undertaken, a detailed research collaboration agreement will be negotiated between the two laboratories by obtaining permission from higher authorities of both the institutions.

3. Both the institutions agree that all financial arrangements necessary to implement this MOU or any subsequent agreement must be negotiated according to the regulation of each institution and depends on the availability of funds. Both the institutions recognize that:

- a. this MOU establishes a foundation of mutual understanding and interest and does not itself entail any financial obligations for either laboratory ;
- b. this MOU will take effect from the date of its signing and shall be valid for the period of five years from that date, unless terminated earlier upon six months notice be either institution;
- c. This MOU may be revoked or modified by mutual agreement between these two may be extended beyond its initial five year term by mutual agreement.

Report of visit to Government Milk Scheme BEED

Date: 02/02 /2017

Time -10.00 am

Attended by – 20 Students of B.Sc Microbiology Students & Two faculty members

Objective – To study dairy Microbiology

On date 2/2/2017 a visit to government mik scheme beed was arranged

Milk microbiology is the study of microorganisms found in milk

Following points were studied:

- How to detect adulteration in milk
- Complete study of pasteurization of milk
- What factors affect the quality of milk
- Which Microorganisms are involved in the spoilage of milk
- Composition of milk

Memorandum of Understanding

Between

M.S.P.Mandal's,

Balbhim Arts, Science and Commerce College, Beed

and

Anjuman Ishat-e-Taleem Beed's

Milliya Arts, Science and Management Science College, Beed

This Memorandum of Understanding (MOU) sets for the terms and understanding between the **Balbhim Arts, Science and Commerce College, Beed** and the **Milliya Arts, Science and Management Science College, Beed** in the area of Research activities, curriculum designing, visiting faculty, Internal Quality Assurance Cell (IQAC), Library and Laboratory consultancy and training.

Background

Collaborative works between academic institutes have become a key of success in educational efforts. It plays vital role in research and educational fields. It encourages towards excellent research working attitude.

Purpose

The general objective of this Memorandum of Understanding (MOU) is to encourage and facilitate the development of collaborative and mutually beneficial research and educational programs which serve to enhance the research development and intellectual life on both campuses, and to increase contribution in research and educational fields. Thus, **Balbhim Arts, Science and Commerce College** and **Milliya Arts, Science and Management Science College** have agreed that in support of their mutual interests in the field of education and research.

The above goals will be accomplished by undertaking the following activities:

By providing help in the area of

- 1) Research activities
- 2) IQAC
- 3) Visiting faculty
- 4) Consultancy & Training
- 5) Laboratory Facilities.
- 6) Curriculum designing

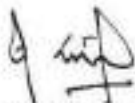

Funding

This MOU is not a commitment of funds.

Duration

This MOU is at-will and may be modified by mutual consent of authorized officials from Balbhim Arts, Science and Commerce College, Beed and Milliyya Arts, Science and Management Science College, Beed.

This agreement will take effect from the date of its signing by the authorized officials from Principal, Balbhim Arts, Science and Commerce College, Beed and Principal, Milliyya Arts, Science and Management Science College, Beed and shall be valid for Five (05) years from that date of signing, and will remain in effect until modified or terminated by partners through mutual consent.

Report of visit to Government Milk Scheme

Date: 21/JAN /2016

Time -10.00 am

Attended by B.Sc Microbiology Students

Objective – To Study Dairy Microbiology

A visit of B.Sc Microbiology students was arranged on date 21/1/2016

- Sample collection – the raw milk sample is collected from villagers , every milk sample received is allotted a number
- Physicochemical analysis of the milk sample – All the milk sample received were analysed for different physicochemical factors the following physico chemical analysis of the sample is done
- Fat analysis & water content
- Adulteration with maida, urea, or carbohydrates
- Specific gravity

Milk samples which do not meet the standards are segregated & only quality milk is selected

Milk is then subjected to

- Filtration – visible dust , sedimented solids ,hairs of animals are removed here
- Pasteurization – milk is pasteurized by two methods 1) low temperature high time (63.⁰c for 30 minutes & 2) high temperature short time (72.5⁰C FOR 10 Seconds)
- The pasteurized milk is kept in cool tankers with a temperature of 4⁰ C And sent to other cities
